

## Powerful Mid-range HD IP Phone with WiFi GXP1760W

Ideal for growing businesses, the GXP1760W in Dubai is a mid-range, WiFi-enabled IP phone that features a sleek design and moderate call-volume features. It comes equipped with 6 lines, 3 SIP accounts, 6 dual-color line keys and 4 XML programmable soft keys along with a 200 x 80 pixel (3.3") back-lit LCD screen. For added personalization the GXP1760W features personalized ring tone/ring back tone music and integration with advanced web and enterprise applications as well as local weather services. The GXP1760W offers dual auto-sensing 10/100Mbps network ports and supports automated provisioning features with media access control. This mid-range IP phone delivers outstanding performance and design to users worldwide at a budget-friendly price point.

6 lines, 6 dual-color line keys (with 3 SIP accounts), 4 XML programmable context-sensitive soft keys

HD wideband audio, full-duplex hands-free speakerphone with advanced acoustic echo cancellation

Large phonebook capacity with up to 2,000 contacts and call history with up to 500 records

5-way audio conferencing for easy conference calls

Built-in PoE to power the devices and give it a network connection

TLS and SRTP security encryption technology to protect calls & accounts & Kensington Security Slot support

24 digitally programmable & customizable BLF/fast-dial keys

Supports EHS compatible Plantronics's headsets

Use with Grandstream's UCM series IP PBX appliance for Zero-Config provisioning, 1-touch call recording & more

Built-in USB port for importing and exporting data only

Automated provisioning using TR-069 or AES encrypted XML configuration file

Integrated dual-band WiFi support for mobility options
