

**DATA SHEET**

# FortiGate® 100F Series

FG-100F and FG-101F

**Next Generation Firewall  
Secure SD-WAN  
Secure Web Gateway**

The FortiGate 100F series provides an application-centric, scalable, and secure SD-WAN solution with Next Generation Firewall (NGFW) capabilities for mid-sized to large enterprises deployed at the campus or branch level. Protects against cyber threats with system-on-a-chip acceleration and industry-leading secure SD-WAN in a simple, affordable, and easy to deploy solution. Fortinet's Security-Driven Networking approach provides tight integration of the network to the new generation of security.

**Security**

- Identifies thousands of applications inside network traffic for deep inspection and granular policy enforcement
- Protects against malware, exploits, and malicious websites in both encrypted and non-encrypted traffic
- Prevent and detect against known and unknown attacks using continuous threat intelligence from AI-powered FortiGuard Labs security services

**Performance**

- Delivers industry's best threat protection performance and ultra-low latency using purpose-built security processor (SPU) technology
- Provides industry-leading performance and protection for SSL encrypted traffic

**Certification**

- Independently tested and validated best security effectiveness and performance
- Received unparalleled third-party certifications from NSS Labs

**Networking**

- Delivers advanced networking capabilities that seamlessly integrate with advanced layer 7 security and virtual domains (VDMs) to offer extensive deployment flexibility, multi-tenancy and effective utilization of resources
- Delivers high-density, flexible combination of various high-speed interfaces to enable best TCO for customers for data center and WAN deployments

**Management**

- Includes a management console that is effective, simple to use, and provides comprehensive network automation and visibility.
- Provides Zero Touch Integration with Security Fabric's Single Pane of Glass Management
- Predefined compliance checklist analyzes the deployment and highlights best practices to improve overall security posture

**Security Fabric**

- Enables Fortinet and Fabric-ready partners' products to provide broader visibility, integrated end-to-end detection, threat intelligence sharing, and automated remediation

| Firewall | IPS      | NGFW     | Threat Protection | Interfaces                                    |
|----------|----------|----------|-------------------|---|
| 20 Gbps  | 2.6 Gbps | 1.6 Gbps | 1 Gbps            | Multiple GE RJ45, GE SFP and 10 GE SFP+ slots |

Refer to specification table for details

## DEPLOYMENT

### Next Generation Firewall (NGFW)

- Reduce the complexity and maximize your ROI by integrating threat protection security capabilities into a single high-performance network security appliance, powered by Fortinet's Security Processing Unit (SPU)
- Full visibility into users, devices, and applications across the entire attack surface, and consistent security policy enforcement irrespective of asset location
- Protect against network exploitable vulnerabilities with industry-validated IPS that offers low latency and optimized network performance
- Automatically block threats on decrypted traffic using the industry's highest SSL inspection performance, including the latest TLS 1.3 standard with mandated ciphers
- Proactively block newly discovered sophisticated attacks in real-time with AI-powered FortiGuard Labs and advanced threat protection services included in the Fortinet Security Fabric

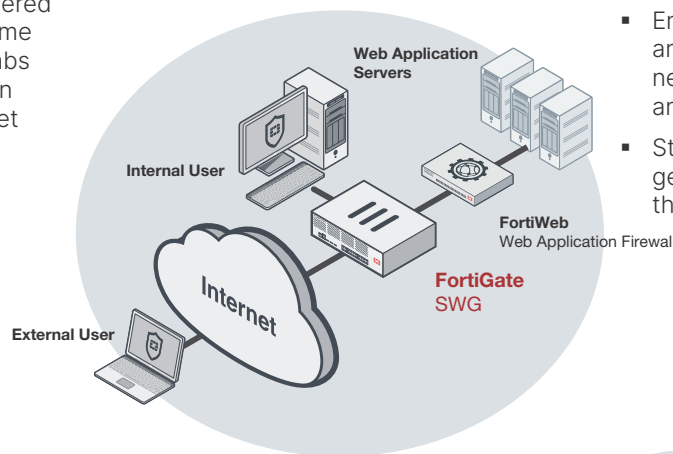

### Secure Web Gateway (SWG)

- Secure web access from both internal and external risks, even for encrypted traffic at high performance
- Enhanced user experience with dynamic web and video caching
- Block and control web access based on user or user groups across URLs and domains
- Prevent data loss and discover user activity to known and unknown cloud applications
- Block DNS requests against malicious domains
- Multi-layered advanced protection against zero-day malware threats delivered over the web

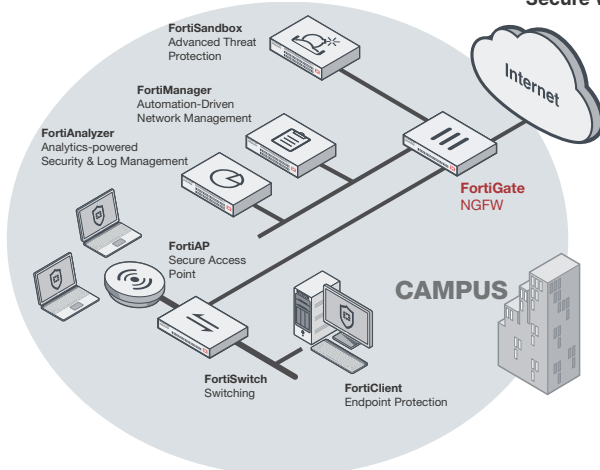

### Secure SD-WAN

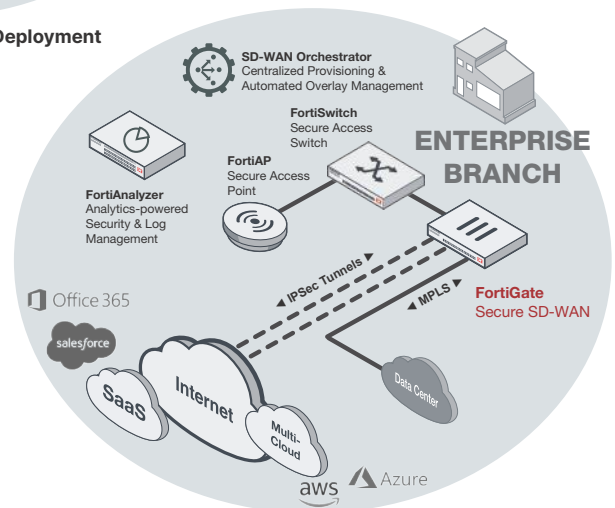

- Consistent business application performance with accurate detection, dynamic WAN path steering on any best-performing WAN transport
- Accelerated multi-cloud access for faster SaaS adoption with cloud-on-ramp
- Self-healing networks with WAN edge high availability, sub-second traffic switchover-based and real-time bandwidth compute-based traffic steering
- Automated overlay tunnels provide encryption and abstracts physical hybrid WAN making it simple to manage
- Simplified and intuitive workflow with SD-WAN orchestrator for management and zero touch deployment
- Enhanced analytics both real-time and historical provides visibility into network performance and identifies anomalies
- Strong security posture with next generation firewall and real-time threat protection

Secure Web Gateway Deployment

Campus Deployment (NGFW)

Enterprise Branch Deployment (Secure SD-WAN)

## HARDWARE

### FortiGate 100F/101F

### Interfaces

1. 1x USB Port
2. 1x Console Port
3. 2x GE RJ45 MGMT/DMZ Ports
4. 2x GE RJ45 WAN Ports
5. 2x GE RJ45 HA Ports
6. 12x GE RJ45 Ports
7. 2x 10 GE SFP+ FortiLink Slots
8. 4x GE SFP Slots
9. 4x GE RJ45/SFP Shared Media Pairs

### Hardware Features

#### Powered by Purpose-Built Secure SD-WAN ASIC SOC4

- Combines a RISC-based CPU with Fortinet's proprietary Security Processing Unit (SPU) content and network processors for unmatched performance
- Delivers industry's fastest application identification and steering for efficient business operations
- Accelerates IPsec VPN performance for best user-experience on direct internet access
- Enables best of breed NGFW Security and deep SSL inspection with high performance
- Extends security to access layer to enable SD-Branch transformation with accelerated and integrated switch and access point connectivity

#### Dual Power Supplies

Power supply redundancy is essential in the operation of mission-critical networks. The FortiGate 100F Series offers dual built-in non-hot swappable power supplies.

#### Access Layer Security

FortiLink protocol enables you to converge security and the network access by integrating the FortiSwitch into the FortiGate as a logical extension of the NGFW. These FortiLink enabled ports can be reconfigured as regular ports as needed.

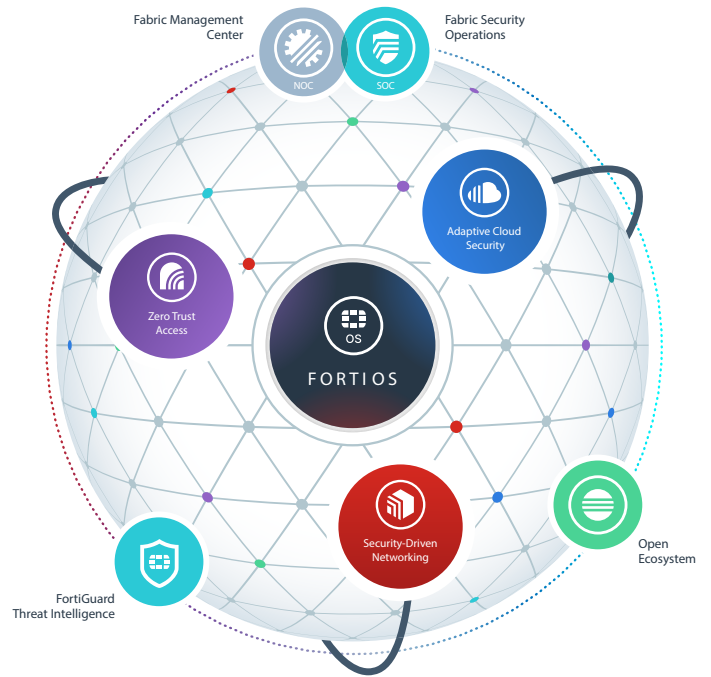

# FORTINET SECURITY FABRIC

## Security Fabric

The industry's highest-performing cybersecurity platform, powered by FortiOS, with a rich ecosystem designed to span the extended digital attack surface, delivering fully automated, self-healing network security.

- **Broad:** Coordinated detection and enforcement across the entire digital attack surface and lifecycle with converged networking and security across edges, clouds, endpoints, and users
- **Integrated:** Integrated and unified security, operation, and performance across different technologies, location, deployment options, and the richest ecosystem
- **Automated:** Context aware, self-healing network and security posture leveraging cloud-scale and advanced AI to automatically deliver near-real-time, user-to-application coordinated protection across the Fabric

The Fabric empowers organizations of any size to secure and simplify their hybrid infrastructure on the journey to digital innovation.

### FortiOS™ Operating System

FortiOS, Fortinet's leading operating system enable the convergence of high performing networking and security across the Fortinet Security Fabric delivering consistent and context-aware security posture across network endpoint, and clouds. The organically built best of breed capabilities and unified approach allows organizations to run their businesses without compromising performance or protection, supports seamless scalability, and simplifies innovation consumption.

The release of FortiOS 7 dramatically expands the Fortinet Security Fabric's ability to deliver consistent security across hybrid deployment models of Hardware, Software, and Software As-a-Service with SASE and ZTNA, among others.

## SERVICES

### FortiGuard™ Security Services

FortiGuard Labs offer real-time intelligence on the threat landscape, delivering comprehensive security updates across the full range of Fortinet's solutions. Comprised of security threat researchers, engineers, and forensic specialists, the team collaborates with the world's leading threat monitoring organizations and other network and security vendors, as well as law enforcement agencies.

### FortiCare™ Services

Fortinet is dedicated to helping our customers succeed, and every year FortiCare services help thousands of organizations get the most from their Fortinet Security Fabric solution. We have more than 1,000 experts to help accelerate technology implementation, provide reliable assistance through advanced support, and offer proactive care to maximize security and performance of Fortinet deployments.

# SPECIFICATIONS

|  | FORTIGATE 100F                                | FORTIGATE 101F    |

| Weight  | 7.25 lbs (3.29 kg)  | 7.56 lbs (3.43 kg) |
| Form Factor (supports EIA/non-EIA standards)    | Rack Mount, 1 RU  |                    |
| AC Power Supply                                 | 100–240V AC, 50/60 Hz                                     |                    |
| Power Consumption (Average / Maximum)           | 35.1 W / 38.7 W   | 35.3 W / 39.1 W    |
| Current (Maximum)                               | 100V / 1A, 240V / 0.5A                                    |                    |
| Heat Dissipation                                | 119.77 BTU/h  | 121.13 BTU/h       |
| Redundant Power Supplies                        | Yes   |                    |
| <b>Operating Environment and Certifications</b> |   |                    |
| Operating Temperature                           | 32–104°F (0–40°C)   |                    |
| Storage Temperature                             | -31–158°F (-35–70°C)                                      |                    |
| Humidity  | 10–90% non-condensing                                     |                    |
| Noise Level                                     | 40.4 dBA  |                    |
| Forced Airflow                                  | Side to Back  |                    |
| Operating Altitude                              | Up to 7,400 ft (2,250 m)                                  |                    |
| Compliance                                      | FCC Part 15B, Class A, CE, RCM, VCCI, UL/cUL, CB, BSMI    |                    |
| Certifications                                  | ICSA Labs: Firewall, IPsec, IPS, Antivirus, SSL-VPN; IPv6 |                    |

Note: All performance values are “up to” and vary depending on system configuration.

1. IPsec VPN performance test uses AES256-SHA256.
2. IPS (Enterprise Mix), Application Control, NGFW and Threat Protection are measured with Logging enabled.
3. SSL Inspection performance values use an average of HTTPS sessions of different cipher suites.

4. NGFW performance is measured with Firewall, IPS and Application Control enabled.
5. Threat Protection performance is measured with Firewall, IPS, Application Control and Malware Protection enabled.

## ORDERING INFORMATION

| Product                                    | SKU            | Description  |
|--|----------------|--|
| FortiGate 100F                             | FG-100F        | 22x GE RJ45 ports (including 2x WAN ports, 1x DMZ port, 1x Mgmt port, 2x HA ports, 16x switch ports with 4 SFP port shared media), 4 SFP ports, 2x 10 GE SFP+ FortiLinks, dual power supplies redundancy.                        |
| FortiGate 101F                             | FG-101F        | 22x GE RJ45 ports (including 2x WAN ports, 1x DMZ port, 1x Mgmt port, 2x HA ports, 16x switch ports with 4 SFP port shared media), 4 SFP ports, 2x 10 GE SFP+ FortiLinks, 480GB onboard storage, dual power supplies redundancy. |
| Optional Accessories                       | SKU            | Description  |
| 1 GE SFP RJ45 Transceiver Module           | FN-TRAN-GC     | 1 GE SFP RJ45 transceiver module for all systems with SFP and SFP/SFP+ slots.  |
| 1 GE SFP SX Transceiver Module             | FN-TRAN-SX     | 1 GE SFP SX transceiver module for all systems with SFP and SFP/SFP+ slots.  |
| 1 GE SFP LX Transceiver Module             | FN-TRAN-LX     | 1 GE SFP LX transceiver module for all systems with SFP and SFP/SFP+ slots.  |
| 10 GE SFP+ RJ45 Transceiver Module         | FN-TRAN-SFP+GC | 10 GE SFP+ RJ45 transceiver module for systems with SFP+ slots.  |
| 10 GE SFP+ Transceiver Module, Short Range | FN-TRAN-SFP+SR | 10 GE SFP+ transceiver module, short range for all systems with SFP+ and SFP/SFP+ slots.   |
| 10 GE SFP+ Transceiver Module, Long Range  | FN-TRAN-SFP+LR | 10 GE SFP+ transceiver module, long range for all systems with SFP+ and SFP/SFP+ slots.  |
| 10 GE SFP+ Transceivers, Extended Range    | FN-TRAN-SFP+ER | 10 GE SFP+ transceiver module, extended range for all systems with SFP+ and SFP/SFP+ slots.  |

## BUNDLES

### FortiGuard Bundle

FortiGuard Labs delivers a number of security intelligence services to augment the FortiGate firewall platform. You can easily optimize the protection capabilities of your FortiGate with one of these FortiGuard Bundles.

| Bundles   | 360 Protection   | Enterprise Protection | Unified Threat Protection | Advanced Threat Protection |
|---|------------------|-----------------------|---------------------------|----------------------------|
| FortiCare   | ASE <sup>1</sup> | 24x7                  | 24x7                      | 24x7                       |
| FortiGuard App Control Service  | •                | •                     | •                         | •                          |
| FortiGuard IPS Service  | •                | •                     | •                         | •                          |
| FortiGuard Advanced Malware Protection (AMP) — Antivirus, Mobile Malware, Botnet, CDR, Virus Outbreak Protection and FortiSandbox Cloud Service | •                | •                     | •                         | •                          |
| FortiGuard Web and Video <sup>2</sup> Filtering Service   | •                | •                     | •                         |                            |
| FortiGuard Antispam Service   | •                | •                     | •                         |                            |
| FortiGuard Security Rating Service  | •                | •                     |                           |                            |
| FortiGuard IoT Detection Service  | •                | •                     |                           |                            |
| FortiGuard Industrial Service   | •                | •                     |                           |                            |
| FortiConverter Service  | •                | •                     |                           |                            |
| SD-WAN Orchestrator Entitlement   | •                |                       |                           |                            |
| SD-WAN Cloud Assisted Monitoring  | •                |                       |                           |                            |
| SD-WAN Overlay Controller VPN Service   | •                |                       |                           |                            |
| Fortinet SOCaaS   | •                |                       |                           |                            |
| FortiAnalyzer Cloud   | •                |                       |                           |                            |
| FortiManager Cloud  | •                |                       |                           |                            |

1. 24x7 plus Advanced Services Ticket Handling

2. Available when running FortiOS 7.0

Fortinet®, FortiGate®, FortiCare® and FortiGuard®, and certain other marks are registered trademarks of Fortinet, Inc., and other Fortinet names herein may also be registered and/or common law trademarks of Fortinet. All other product or company names may be trademarks of their respective owners. Performance and other metrics contained herein were attained in internal lab tests under ideal conditions, and actual performance and other results may vary. Network variables, different network environments and other conditions may affect performance results. Nothing herein represents any binding commitment by Fortinet, and Fortinet disclaims all warranties, whether express or implied, except to the extent Fortinet enters a binding written contract, signed by Fortinet's General Counsel, with a purchaser that expressly warrants that the identified product will perform according to certain expressly-identified performance metrics and, in such event, only the specific performance metrics expressly identified in such binding written contract shall be binding on Fortinet. For absolute clarity, any such warranty will be limited to performance in the same ideal conditions as in Fortinet's internal lab tests. Fortinet disclaims in full any covenants, representations, and guarantees pursuant hereto, whether express or implied. Fortinet reserves the right to change, modify, transfer, or otherwise revise this publication without notice, and the most current version of the publication shall be applicable.
